

Our Mission

The AIS student chapter program promotes the study, application and advancement of information systems through career enhancement, professional networking and chapter development.

Why should you join?

“Employers today aren’t looking to hire graduates who did the bare minimum to earn their degree. They want to hire people who are willing to put in the effort to better prepare themselves for the workplace after graduation.”

Dr. James Parrish
Nova Southeastern University

ASSOCIATION FOR
INFORMATION SYSTEMS

**What will you gain by
joining an AIS Student
Chapter?**

Join.

Join fellow students and gain a competitive advantage to succeed within the IS field.

Develop.

Develop skills through professional development workshops.

Benefit.

Benefit from the opportunities an AIS student chapter has to offer.

About Us

The AIS student chapter program [promotes the study, application, and advancement of information systems through career enhancement, professional networking and chapter development.]

- Increase visibility and prestige of your department
- Gain access to shared resources
- Network with other students, faculty and professionals in the information systems industry
- Better prepare students for success in the professional fields

Career Development

Developing skills is one of the most important things a chapter has to offer. Career development activities include:

- Networking
- Practice interviews
- Workshops
- Career panels
- Resume building

Annual Conference

The AIS Student Chapter Leadership Conference is a great opportunity for students to:

- Network with peers and professionals
- Gain new perspectives
- Expand professional skills
- Participate in competitions

Competition and Awards

Students have the chance to participate in competitions during the annual conference to demonstrate knowledge and business skills. Awards are given to outstanding chapters as well.

[List any awards the chapter has received]

Benefits

There are countless benefits to joining an AIS student chapter:

- Gain competitive advantage over other students in the field
- Gain world wide recognition through competition and award programs
- Student leadership development
- Shared best practices with other student organizations
- Expand career opportunities
- Network with students around the world
